SELECTION PROCESS

The Scholarship Committee will base its scholarship decisions on the completed application, financial need and on evidence of commitment to academic performance, leadership community service, and volunteer activities. A personal interview may be requested by the Committee.

Scholarships will be awarded annually in equal amounts over a four-year period for universities/colleges or two year period for continued education programs. The scholarship amounts and number of recipients are based on the performance of the Association's fundraising activities and donations. Upon receiving the alumni financial team recommendation of award disbursements, the Alumni Board of Directors will make final decision of scholarship award distribution per recipient. The scholarship selection committee will then be notified of the amount of award slots. The scholarships will be made payable to the recipient's bursar's account at their respective educational institution by the start of the academic/ technical school year. Scholarship recipients will be announced at: The East Technical Annual Senior Recognition Ceremony, and a presentation at the Annual East Technical Alumni Scholarship reception.
